PLAINTIFFS' AND DEFENDANTS' JOINT STATUS UPDATE

In accordance with the Court's directive on February 2, 2023, the parties provide the following status update.

The parties are engaged in settlement discussions and have met and conferred in attempts to resolve this matter. To date, no resolution has been reached.

Shortly after the parties' February 2, 2023 initial pre-trial conference, and to move forward with settlement discussions, Plaintiffs requested a subset of information from Defendants. To date, Defendants have provided some but not all of the requested information. Plaintiffs are awaiting the requested information, which Defendants expect to provide on, or before, April 5, 2023.

Defendants made a settlement presentation and proposal on March 2, 2023; no counter proposal has yet been made in response to that proposal from Defendants. Plaintiffs have made it clear that they need the requested information in order to be in a position to recommend a counteroffer.

While settlement negotiations have been ongoing, Plaintiffs have continued to pursue discovery in accordance with the deadlines set forth in the Civil Case Management Plan (Doc. 41). Defendants have not served any document requests in an effort to prioritize settlement negotiations.
